TECTONICA LAUNCHES NEW WEBSITE

Tectonica Australia Pty Ltd has officially launched its new website today. The redesigned website provides visitors with up to date information on Tectonica's capabilities, products, services and experience.

The website has been designed to reflect the Company's expanding service and product range, enabling visitors to learn more about how Tectonica can support them to win or deliver their next project.

Miles Partridge, Managing Director said, "With its improved usability and navigation functions we hope you enjoy visiting our new website."

About Tectonica Australia

Tectonica Australia is a leading Defence and Security systems integrator. Since 2002, Tectonica has developed fully integrated systems for armoured vehicles, ground stations and soldiers.

In partnership with local and international organisations, Tectonica offers a comprehensive range of Defence and Security solutions in the areas of Protected Navigation, Portable Power, Force Protection and Crew Survivability. Tectonica is focused on providing Australian Department of Defence, Defence Industry and Government Clients with cutting edge technology to meet the capability challenges of the future.

For more information, visit www.tectonica.net.
